Candidate for Bachelor of Science, Data Analytics, Minors in Finance and General Business Studies
3.68 Major GPA

Experience

Pure Solutions | Weston, MA | Business Development Analyst Intern | April 2021 – Current

- Produce weekly analytics reports for managers with statistical summaries of numerous areas of operation including sales, revenue and expenses in a clear and concise manner.
- Provide key insights and information to management teams in order to create efficient business solutions.
- Created a full-stack web-based analytics dashboard using Streamlit to allow managers to evaluate and visualize a wide variety of company data via a webpage.
- Implemented numerous API's including Google Authentication, Google Drive and more.
- Researched and developed the proposal for a new office location. Required extensive research on market, census and geographical data. Used past and current data to build statistical models to predict market potential, cost-savings and more.

Verity Research | Boston, MA | Associate Analyst Intern | September 2020 – October 2020

- Worked with Senior Analysts to conduct sell-side research of healthcare service securities.
- Created numerous financial models using Excel including IPO valuations, DCF models, and minimum variance portfolios.
- Collected and organized data from S-1 filings.

Finger Lakes Traffic Control | Elmira Heights, NY | On-Site Foreman | June 2017 – August 2020

- Over sought the set-up and operational safety of various road-based work zones.
- Precisely followed NYDOT and OSHA standards and worked closely with on-site State Inspectors to ensure roadway safety.

Activities

Sentinel | Alpha Epsilon Pi Fraternity | Psi Beta Chapter, Bentley University

- Served on the Executive Board as Head Director of Risk Management within the chapter.
- Lead the New Brother Transition Program (NBTP), a program designed within the chapter to help newly inducted brothers learn how to effectively balance the responsibilities of Greek and academic life.
- Worked with the Executive Committee to evaluate and handle major decisions within the fraternity and sat on the Disciplinary Committee.

Portfolio Manager | Bentley Investment Group (BIG)

- Analyzed potential investment opportunities and developed proposals for such investments.
- Developed benchmarking and screening strategies to support portfolio optimization.
